

HORSE PASTURE

This is 160 acres of very good grazing land that has good contour to it. A portion of the property had been farmed at one time and is now planted to introduced grasses and the balance is in native grass. There is a good well and power located at the northwest corner of the property. Access is by good county road and the location is seven miles west of Broadview, Mt. or about thirty five miles from Billings, Mt. There are good home sites with views of the distant mountain ranges.
